About Assumption University

Assumption University is a comprehensive, Catholic liberal arts institution sponsored by the Augustinians of the Assumption. We awaken in students a sense of wonder, discovery, and purpose, forming graduates known for their intellectual seriousness, thoughtful citizenship, and devotion to the common good. Our curricular and co-curricular programs provide students with an education that shapes their souls, forms them intellectually, and prepares them for meaningful careers. Enlivened by the Catholic affirmation of the harmony of faith and reason and by the pursuit of the truth in the company of friends, an Assumption education transforms the minds and hearts of students.

– Assumption University Mission Statement

Located in Worcester, Massachusetts, Assumption University enrolls 2,200 undergraduate and graduate students. In addition to its main campus in Worcester, the University has a second campus in Rome, Italy with an engaging and popular study abroad program.

The city of Worcester is a robust, vibrant city that “combines the warmth of a small town with the convenience of a thriving city.” Recognized time and again with the All-America City Award, Worcester combines the opportunities and cultural amenities of a big city with the allure of an accessible and easily navigable college town. Home to 8 universities and 35,000 university students, the second largest city in New England offers late-night diners, clubs, museums, concert venues, two professional sports teams, ethnic restaurants, and theatres in Worcester’s vibrant downtown.

In addition:

- There are 53 parks, including the largest urban nature sanctuary in New England and the Olmstead-designed Elm Park.
- The Worcester Art Museum consists of 36 galleries and 38,000 objects from around the world, spanning eight millennia.
- The Hanover Theater for the Performing Arts features a wide variety of first-rate performances including an annual Broadway series and concerts by leading artists.
- Those interested in winter sports can access 27 ski trails at nearby Wachusett Mountain.
- With an admirable mix of old and new residences, Worcester offers housing options and an overall cost of living that are more scaled to a mid-size city.
- In addition to the strong higher education presence, there is a robust and thriving hospital and health-care industry, as well as a rising biotech industry that has helped to fuel the renaissance of the area.

Committed to intellectual excellence, thoughtful citizenship, and devotion to the common good, students engage in curricular and co-curricular opportunities that prepare them for lives of meaning and purpose. The education received at Assumption challenges students to embrace the compliment of faith and reason in the search for truth in a world of ambiguity. Assumption University is a diverse community that welcomes different points of view and embraces all who share its mission.

About Philanthropy at Assumption University

Assumption University is breaking fundraising records. The University celebrated the completion of a highly successful \$35M *Light the Way* campaign in 2022 that raised more than \$50M, exceeding the goal by 44%. This campaign success has enabled Assumption to make significant investments in four strategic priority areas for the University:

- A New, Signature Academic Building
- Endowment Resources for Financial Aid, Faculty Scholarship & Research and Endowed Faculty Chairs
- Athletic Facility Enhancements
- Maintaining Support for the Annual Fund

Assumption receives support from loyal alumni, friends, local foundations, current parents, and parents of alumni who remain grateful for an educational experience that includes encouragement for a life after graduation of thoughtful citizenship and compassionate service that is an integral part of the Assumption mission. Typically, the annual fund goal is surpassed each year, and this past year, a total of 4,452 alumni, parents, friends, faculty, and staff made gifts to the University.

For the *Light the Way* campaign, the annual fund goal was surpassed by 44%. Every class since 1950 participated in the campaign, and there were also donations from classes earlier than 1950 and current students. The campaign was the largest in the University's history, and alumni donated 75% of the total raised.
